

The page features a minimalist design with two blue circles of varying sizes, each composed of concentric circles in different shades of blue. These circles are positioned on the right side of the page. Two thin, light blue lines intersect at a point, forming a V-shape that frames the circles. The main text is located on the left side of the page.

Release Notes - Team Sessions v3B53 Dec 12, 2017

1. New landing page to render places with an updated theme that supports a friendlier, more scalable, user interface
2. When creating new places, a new place creation page has been created in order to support this new theme
3. New place creation theme and place display utilizes Domino XPages and Bootstrap – and may be configured in the global settings
4. Directory picker rendered on all directory UI selections is now Ajax based and does not require a Java applet – since applets are no longer supported in most environments
5. The global settings area now includes an area to select either a Domino or LDAP directory and in both cases this UI will be rendered without the use of a Java applet

- The version of Instant Team Sessions database once updated with this release should indicate Team Sessions v3B53 Dec 12, 2017
- **New place landing page:**

The screenshot shows the 'Team Sessions' application interface. At the top, there is a blue header with the 'TEAMSESSIONS' logo and a user profile 'Hi Lamia Mukanovic'. Below the header is a search bar with the text 'Search Places...', a 'Search' button, a 'Clear' button, a dropdown menu showing '30', and a '+ New Place' button. The main content area displays a table of places with columns for 'Chat Place', 'Description', 'Created By', 'Category', and 'SubCategory'. The table contains 15 rows of data, each representing a different place with its own details and status indicators.
